Dear Trusted Customer,

In response to requests related to potential supply chain impacts linked to the ongoing crisis in Ukraine/Eastern Europe, Glenair USA and European operations have completed an in-depth assessment of our supply chain(s) and potential impact, directly or indirectly. We have confirmed that Glenair products and related deliveries are not impacted at this time.

- Glenair does not have manufacturing or distribution centers within Russia, Ukraine, or Belarus
- Glenair does not have suppliers with manufacturing or distribution centers in Russia, Ukraine, or Belarus

Glenair lead-times for all connectors, accessories and wire protection products remain at 5 weeks (or less) for all products. Lead-times for cable and flex assemblies are dependent on purchased content, if any.

We will continue to monitor this situation and advise of any changes.

If you have any questions or concerns, please contact your local Glenair sales representative.
